

Teacups

Follow these instructions to create a wonderful piece of collaborative art.

1. Print the colouring pages on paper or card.
2. Trim off the edges.
3. Each person has one piece to complete. You should all use the same kind of colouring equipment, e.g. crayons, pencil crayons, felt-tip pens, pastels or paint.
4. When you have all finished colouring in your section, use the picture below as a guide to put your artwork together. You could use sticky tape on the back to stick it all together.
