Loving & learning together in Harmony with Christ

8th October 2020

Dear Parents,

The end of the building work is finally in sight! The Foundation Stage is looking amazing and we cannot wait to get back in there with the children.

I am aware that some parents have expressed their concern regarding the children transitioning into the new classroom after becoming so settled in the hall. As a team, we have been discussing the best way to address this transition.

From next week, we will begin to transition slowly. Our aim is to go into the Foundation Stage at least once a day. Whilst there, we will do a teaching input or a small group activity – this will enable the children to get use to the room and the layout slowly. We will also be taking the children around the outside of the school, along the path and in through the door they will come in every morning, showing them where their coat pegs will be and how they will access various resources in the setting. We will continue this over a period of two weeks up until half term.

From after half term the children will be in the setting full time and will use the foundation stage entrance at the beginning and end of the day. I will confirm more details on timings nearer the time.

We thank you for your patience whilst this important building work has taken place. We are looking forward to getting back to normal and working with the children in there.

If you have any further questions or concerns, please pop in and see me.

Kind regards,
Mrs Jones
